Independent Auditors' Report

**The Board of Directors of the
Ulster County Industrial Development Agency**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Ulster County Industrial Development Agency (a discretely presented component unit of Ulster County, New York) ("Agency") as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the Agency's financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of December 31, 2022 and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Management is responsible for the other supplementary information included in the annual financial report. The other supplementary information consists of the Schedule of Revenues and Expenses – Budget and Actual, Schedule of Indebtedness – Bonds and Notes, Schedule of Indebtedness – Straight Lease, Schedule of Payments in Lieu of Taxes and the Schedule of Full Time Equivalent Jobs but does not include the financial statements and our auditors’ report thereon. Our opinion on the financial statements does not cover the other supplementary information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other supplementary information and consider whether a material inconsistency exists between the other supplementary information and the financial statements, or the other supplementary information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other supplementary information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2023 on our consideration of the Agency’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency’s internal control over financial reporting and compliance.

ULSTER COUNTY INDUSTRIAL DEVELOPMENT AGENCY
(a discretely presented component unit of Ulster County, New York)

Management's Discussion and Analysis (Unaudited)
For the year ended December 31, 2022

INTRODUCTION

Our discussion and analysis of Ulster County Industrial Development Agency's ("Agency") financial performance provides an overview of the Agency's financial activities for the fiscal year ended December 31, 2022. Please read it in conjunction with the Agency's financial statements that follow this discussion and analysis. Ulster County Industrial Development Agency is a New York State public authority and industrial development agency operating in the County of Ulster, New York. This summary discussion and analysis includes only the financial and general business of the Agency.

FINANCIAL HIGHLIGHTS

The Agency's net position decreased by \$96,273 (roughly 7%) as a result of operations for the fiscal year ended December 31, 2022.

In 2022, revenues totaled \$101,788, which is a decrease of \$674,865 compared to 2021. In 2021 there was an increase of \$555,115 over 2020 revenues.

In 2022, expenses totaled \$198,061. This is a \$50,542 decrease over 2021 expenses compared to a \$115,445 decrease from 2020 to 2021. The majority of the current period decrease (\$38,400) was due to grants and donations authorized and distributed in 2021. Additional savings came from a turnover in administrative staff, resulting in a savings of \$29,729 from 2021 to 2022.

AGENCY HIGHLIGHTS

For the year ended December 31, 2022, the Agency closed on one new project. Additionally, the Agency approved two project applications, processed one reassignment, and processed two project modifications. These projects are anticipated on bringing significant job growth to the area with the addition of 298 full-time equivalent employees to Ulster County. The Agency earned \$81,150 in Project Fees during the year.

The Board consists of five (5) new members. All Directors were appointed or reappointed effective June 1, 2022 for a two-year term. The Agency incurred a turnover in administrative staff during the current period. During this pivotal transition, the Agency worked diligently to review its mission, needs, and goals as they relate to the Agency's Organizational structure. The Board adopted a new Organizational Chart and a shared services agreement with the Ulster County Capital Resource Corporation (UCCRC) which will allow for greater administrative support at a reduced cost.

ULSTER COUNTY INDUSTRIAL DEVELOPMENT AGENCY
(a discretely presented component unit of Ulster County, New York)

Management's Discussion and Analysis (Unaudited)
For the year ended December 31, 2022

USING THIS ANNUAL REPORT

This Annual Report consists primarily of the Statement of Net Position, Statement of Revenues, Expenses, and Changes of Net Position and the Statements of Cash Flows, which provide information about the activities of the Agency only.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The statements report the Agency's net position and changes in net position. One way to measure the Agency's financial position is to look at the net position – the difference between assets and liabilities.

CONDENSED COMPARATIVE FINANCIAL STATEMENTS AND ANALYSIS

The Agency's net position at the end of 2022 was \$1,192,302, a decrease of \$96,273 from \$1,288,575 at December 31, 2021. The Agency's net position at the end of 2021 was \$1,288,575, an increase of \$528,050 from \$760,525 at December 31, 2020.

Our Analysis below focuses on net position (Table 1) and the changes in net position (Table 2).

Table 1 - Net Position

	<u>2022</u>	<u>2021</u>
Total Assets	\$ 1,225,485	\$ 1,360,916
Total Liabilities	33,183	72,341
Net Position - Unrestricted	1,192,302	1,288,575

CURRENT ASSETS

Cash and equivalents, including restricted and unrestricted, totals at the end of 2022 were \$600,384 versus \$709,505 at the end of 2021. The decrease is a combined result of less project fees, less grant expenses, lower administrative staff costs, and the collection of short-term receivables compared to 2021. Cash and equivalents totaled \$709,505 at the end of 2021 versus \$497,066 at the end of 2020. The increase in Cash and equivalents from 2020 to 2021 was a direct result of increased Project Administrative Fees.

ULSTER COUNTY INDUSTRIAL DEVELOPMENT AGENCY
(a discretely presented component unit of Ulster County, New York)

Management's Discussion and Analysis (Unaudited)
For the year ended December 31, 2022

CURRENT LIABILITIES

Outstanding payables were for services performed in the current fiscal year and paid for in the subsequent fiscal year, and deposits held in escrows. During the year ended December 31, 2019, the Agency began collecting an additional fee held in escrow for labor audits. As those labor audit fees are incurred, the IDA recognizes the expense and an off-setting revenue. Any remaining escrow money not spent at the end of the project is returned to the project owner. Escrow payables as of December 31, 2022 were \$20,195 compared to \$61,108 as of December 31, 2021. The primary source of the decrease of \$40,912 in escrow payables was due to a project modification in which \$44,635 of escrow was utilized.

Table 2 - Changes in Net Position

	2022	2021
Revenues		
Operating revenues	\$ 92,640	\$ 759,446
Pass-thru revenues	7,336	15,930
Non-operating revenues	1,812	1,277
Total Revenues	101,788	776,653
Expenses		
Operating expenses	190,725	194,483
Pass-thru expenses	7,336	15,720
Grant program expenses	-	38,400
Total Expenses	198,061	248,603
Changes in Net Position	\$ (96,273)	\$ 528,050

The Agency's revenues in 2022 were \$101,788 versus \$776,653 in 2021. Expenses in 2022 were \$198,061 versus \$248,603 in 2021. The revenue decrease in 2022 over 2021 was caused by a significant decrease in project closing fees. The expenses decreased in 2022 predominantly due to a decrease in grant expenses from 2022 over 2021. The Agency's revenues in 2021 were \$248,603 versus \$221,538 in 2020.

CAPITAL ASSETS AND LONG-TERM DEBT

There were no capital asset additions in 2022 or 2021 and the Agency did not take on any long-term debt in 2022 or 2021. Moreover, there were no capital asset additions or long-term debt issuances taken on in 2020.

ULSTER COUNTY INDUSTRIAL DEVELOPMENT AGENCY
(a discretely presented component unit of Ulster County, New York)

Management's Discussion and Analysis (Unaudited)
For the year ended December 31, 2022

BUDGET

The Agency adopted a 2022 budget projecting revenues and expenses to be \$419,500. Actual 2022 revenues totaled \$101,788 and actual 2022 expenses totaled \$198,061. The Agency closed on one new project and approved another in 2022. There was a negative variance in revenues of \$317,712 due to lower than anticipated closing fee revenue. Conversely, there was a positive variance in expenses of \$221,439 due to administrative turnover which resulted in a large savings for the Agency. Pass-thru revenues and pass-thru expenses for project expenditures paid by the Project(s) through escrow totaled \$7,336.

CONTACTING THE AGENCY'S FINANCIAL ADMINISTRATOR

This Management's Discussion and Analysis is designed to provide the Agency's citizens, taxpayers, projects, and creditors with a general overview of the Agency's finances and to show the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Ulster County Industrial Development Agency at P.O. Box 4265, Kingston, New York 12402.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements
December 31, 2022

Note 1 - Organization and Purpose

The Ulster County Industrial Development Agency (“Agency”) is a public benefit corporation which was established by New York State legislation and commenced operations in 1978. The Agency is exempt from Federal, State and Local income taxes. The members of the Agency are appointed by the County of Ulster’s Legislature. Agency members have complete responsibility for management of the Agency and accountability for fiscal matters. The Agency’s present function is to advance the job opportunities, general prosperity, and long-term economic vitality of Ulster County (“County”) residents by targeting tax incentives, bonding, and other assistance to foster creation and attraction of new business and the retention and expansion of existing business. The Agency also has the power to acquire, construct, reconstruct, lease, sell, improve, maintain, equip, or furnish certain properties and facilities.

The Agency enters into and administers Payment in lieu of taxes (“PILOT”) agreements for various companies in Ulster County, New York (“County”). The PILOT agreements are entered into between the Agency and a third-party business. Title to property owned by the third-party business is transferred to the Agency for a period time. During the term of the agreement when the Agency holds the title to the property, the third-party business pays an annual PILOT amount based on a calculation derived by a formula in the agreement. The calculation is performed by the Ulster County Commissioner of Finance and sent to the municipalities. The PILOTS allow the participants to make payments at a lower rate than if the company paid the property’s assessed value at the current tax rates for County, Town, and School taxes. Certain requirements are to be met by the company to be able to maintain their PILOT. These requirements, stated in the PILOT agreement, can be comprised of reaching and maintaining certain employment goals and paying their PILOT in a timely fashion. This promotes employment and economic development. The Agency does not collect PILOT payments on behalf of the local taxing authorities. At the completion of the PILOT program, title to the property is transferred back to the third-party business owner and the property goes back on the respective tax rolls.

Note 2 - Summary of Significant Accounting Policies

A. Financial Reporting Entity

The Agency has been identified as an organization related to the County. In accordance with the criteria enumerated in Governmental Accounting Standards Board (“GASB”) Statement No. 61, “*The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*”, the Agency’s financial statements have been discretely presented in the County’s financial statements.

B. Basis of Accounting

The financial statements of the Agency have been prepared in conformity with accounting principles generally accepted in the United States of America as applicable to governmental units. GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Agency reports its operations on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements (Continued)
December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Agency's principal ongoing operation. The principal operating revenues of the Agency are administrative fees. Operating expenses include professional services contracts, supplies and materials and other operating expenses. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses.

C. Assets and Net Position

Cash and Equivalents, Investments and Risk Disclosure

Cash and Equivalents - Cash and equivalents consist of funds deposited in demand deposit accounts, time deposit accounts and short-term investments with original maturities of less than three months from the date of acquisition.

The Agency's deposit and investment policies are governed by State statutes. The Agency has adopted its own written investment policy which provides for the deposit of funds in FDIC insured commercial banks or trust companies located within the State. The Agency is authorized to use demand deposits, time deposit accounts and certificates of deposit.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100% of all deposits not covered by Federal deposit insurance. The Agency has entered into a custodial agreement with the various banks which hold their deposits. These agreements authorize the obligations that may be pledged as collateral. Such obligations include, among other instruments, obligations of the United States and its agencies and obligations of the State and its municipal and school district subdivisions.

Investments - Permissible investments include obligations of the U.S. Treasury, U.S. Agencies, repurchase agreements and obligations of New York State or its political subdivisions.

The Agency follows the provisions of GASB Statement No. 72, "*Fair Value Measurement and Application*", which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Risk Disclosure

Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The Agency does have a formal investment policy and it requires the Agency to diversify by financial institution, maturity and type of investment, however it does not limit investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Generally, the Agency does not invest in any long-term investment obligations.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements (Continued)
December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the Agency's deposits may not be returned to it. GASB Statement No. 40, "*Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3*", directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the Agency's name. The Agency's aggregate bank balances that were not covered by depository insurance were not exposed to custodial credit risk at December 31, 2022.

Credit Risk - Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity's complete failure. The Agency does not have a formal credit risk policy other than restrictions to obligations allowable under General Municipal Law of the State of New York.

Concentration of Credit Risk - Concentration of credit risk is the risk attributed to the magnitude of a government's investments in a single issuer. The Agency's investment policy limits the amount on deposit at each of its banking institutions.

Accounts Receivable

Accounts receivable is comprised of fees totaling \$401,390 for the year ended December 31, 2022. The majority of the balance is derived from one project. Collateral is not required. The current year amount is expected to be fully collectible within two years of the fiscal year end; accordingly, there is no allowance for doubtful accounts. As of December 31, 2022, one project represented 98% of total accounts receivable balances.

Escrow Deposits

Escrow deposits relate to fees held in escrow related to labor audits, public hearing notices and transcription services related to public hearings. As the fees are incurred, the Agency will recognize revenue and expense. Any funds remaining in escrow at the completion of the project will be returned to the owner. As of December 31, 2022 the total held in escrow was \$20,195.

Revenue Recognition

The Agency receives closing fees for bond and note issues as well as straight lease transactions expected savings on mortgage recording and sales and use taxes exemptions. Income generated from administrative and lease fees are recognized in the period the services are performed. Escrow receipts and escrow payments related to the property not owned by the Agency for costs paid by open projects are accounted for as pass-thru transactions.

The Agency has the responsibility for administering PILOT programs, but the jurisdictions ultimately bear the risk of loss if PILOT payments are not paid by the respective companies. Participants in the PILOT program are instructed to pay the taxing authorities directly.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements (Continued)
December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Net Position

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either through the enabling legislation adopted by the Agency or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

D. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 15, 2023.

Note 3 - Stewardship, Compliance and Accountability

A. Budgetary Data

The Agency employs the following budgetary procedures:

- a) By October of each year, the Financial Officer submits a tentative budget to the Finance Committee and the Finance Committee recommends the budget to the Board of Directors for final approval for the next fiscal year which begins the following January 1. The tentative budget includes proposed expenditures and the proposed means of financing.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements (Continued)
December 31, 2022

Note 3 - Stewardship, Compliance and Accountability (Continued)

B. Expenses in Excess of Budget

The following expenses exceeded their budgetary authorizations by the amounts indicated:

Administration		
Professional fees		
Legal fees	\$	19,363
Supplies and Materials		1,262
Other Operating Expenses		
Insurance		854
Subscriptions		662

C. New Accounting Pronouncement

GASB Statement No. 87, “Leases”, established a single model for lease accounting based on the concept that leases are a financing of a “right-to-use” underlying asset. This statement requires a lessee to recognize a lease liability and an intangible right-to-use lease asset and a lessor to recognize a lease receivable and a deferred inflow of resources. The requirements of GASB Statement No. 87 are effective for the Agency’s fiscal year ended December 31, 2022. The Agency has completed its evaluation of the financial impact of GASB Statement No. 87 and determined that the implementation of this standard was not required as it did not have a material impact on its financial statements.

Note 4 - Investments

Investments held in the Agency at December 31, 2022 consisted of the following:

<u>Investment Type</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Amount</u>
Certificate of deposit	July 29, 2022	July 29, 2023	<u>\$ 202,532</u>

Certificates of deposit are not subject to provisions of fair value measurements as they are recorded at cost.

Note 5 - Accounts Receivable

Accounts receivable is comprised of fees totaling \$401,390 as of December 31, 2022. Of this amount \$72,540 is collectible within one year of the fiscal year end with the balance of \$328,850 due on December 15, 2024. As of December 31, 2022, one project represented 98% of total accounts receivable balance.

Note 6 - Conduit Debt Obligations, Bonds and Notes and Straight Lease Transactions

From time to time, the Agency has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the interest of the public. The bonds are secured by the property being financed and are payable solely

Notes to Financial Statements (Continued)
December 31, 2022

Note 6 - Conduit Debt Obligations, Bonds and Notes and Straight Lease Transactions (Continued)

from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither, the Agency, the State of New York, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

Note 7 - Tax Abatement

The Agency enters into property tax abatement agreements with local businesses under Title I of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "Act"). The abatements may be granted to any business located within or promising to relocate to Ulster County, New York. Under the Act, the Agency (as amended March 17, 2003) may grant property tax abatements for a business' property tax bill for the purpose of attracting or retaining business within their jurisdictions, as follows:

<u>Year of Exemption</u>	<u>Fraction of Assessment</u>
1	50%
2	55%
3	60%
4	65%
5	70%
6	75%
7	80%
8	85%
9	90%
10	100%

Note 8 - Related Parties

The Agency and the Ulster County Capital Resource Corporation ("Corporation") are comprised of the same Governing Board. During the year ended December 31, 2022, the Agency and Corporation entered into a Shared Services Agreement, effective July 1, 2022. Under this agreement the Agency contracts for and administers all administrative, legal, and accounting agreements on behalf of both organizations. The Agency and Corporation also share a website and office equipment. The Corporation reimburses the Agency at a standard rate of 5% for all covered expenditures. As of December 31, 2022, the amount due from the Corporation was \$21,179.

Note 9 - Commitments and Contingencies

Litigation

In its normal course of business the Agency is subject to litigation. Presently, the Agency is pursuing a small claims case in the amount of \$4,800 against a media company for the breach of a contract.

Ulster County Industrial Development Agency
(A Discretely Presented Component Unit of Ulster County, New York)

Notes to Financial Statements (Concluded)
December 31, 2022

Note 10 - Risk Management

The Agency purchases conventional insurance coverage for directors and officers liability and employment practices liability in the combined form. The current policy reflects a combined limit of \$1 million per occurrence or \$2 million for the period of the policy.

Note 11 - Recently Issued GASB Pronouncements

GASB Statement No. 96, "*Subscription-Based Information Technology Arrangements*" provides guidance on the accounting and financial reporting for subscription-based information technology arrangements ("SBITAs") for government end users. This Statement defines a SBITA and establishes that a SBITA results in a right-to-use subscription asset (intangible asset) and a corresponding liability. The Statement also provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA, as well as detailing the requirements for note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

This is not an all-inclusive list of recently issued GASB pronouncements but rather a listing of Statements that the Agency believes will most impact its financial statements. The Agency will evaluate the impact this and other pronouncements may have on its financial statements and will implement them as applicable and when material.

**Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance
With *Government Auditing Standards***

Independent Auditors' Report

**The Board of Directors of the
Ulster County Industrial Development Agency**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Ulster County Industrial Development Agency (a discretely presented component unit of Ulster County, New York) ("Agency"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Agency's financial statements, and have issued our report thereon dated March 15, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
